

REMARKS

Please replace the claim amendments of the Preliminary Amendment filed October 11, 2005 with the claim amendments herein. It is noted that the October 11, 2005 amendment did not cancel claim 28 and added a new claim 28. This supplemental amendment corrects same.

Claims 1-28 are pending. By this Amendment, claims 1-28 are cancelled and new claims 29-62 are added.

Entry of the above-amendment is respectfully requested prior to examination of the application. The above application corresponds to an application originally filed in German. The above amendment revises the application as translated into English to be in a format more closely corresponding to that customarily employed in U.S. patent practice and to eliminate multiple dependent claims. None of the revisions to the claims are intended to be narrowing. None of the revisions to the specification add new matter.

In view of the foregoing, it is submitted that this application is in condition for allowance. Favorable consideration and prompt allowance of the application are respectfully requested.

The Examiner is invited to telephone the undersigned if the Examiner believes it would be useful to advance prosecution.

Respectfully submitted,
